**PETITION UNDER 37 CFR 1.47(a)**

Assistant Commissioner for Patents  
Washington, D.C. 20231

This is a Petition under 37 CFR 1.47(a) to file an application where a joint inventor refuses to sign or cannot be reached. In this case, one of the ten joint inventors has not responded to a request to sign a Declaration and assignment for the application. Since the request was received by the non-signing inventor, the absence of response is presumed by the applicant to be a refusal to sign. The pertinent facts and proof are as follows.

On October 21, 2003 a letter was sent to Tom Bybee, a joint inventor in the above-identified patent application, requesting that Mr. Bybee sign a declaration for the application, and an assignment of the application. A copy of the letter is attached hereto. Mr. Bybee was an employee of LAB-InterLink, Inc. at the time of the invention, but was since terminated from that position, prior to the preparation of the patent application identified above.

The letter was delivered to Mr. Bybee on October 23, 2003, as indicated in the copy of the Return Receipt, attached to the copy of the letter. It is also noted in the letter that a failure to respond to the request by October 31, 2003 would be

presumed to indicate an unwillingness to sign. As of the date of this Petition, no response has been received from Mr. Bybee.

The remaining joint inventors hereby petition the Patent Office to receive and prosecute the above patent application on behalf of the non-signing inventor, in accordance with the provisions of 37 CFR 1.47(a). This Petition is accompanied by the requisite fee of \$130.00 under 37 CFR 1.17(h), and the address of the non-signing inventor is as follows:

Tom Bybee  
10285 Grand Ave.  
Omaha, NE 68134

It is believed that the requirements of 37 CFR 1.47(a) have been met, and it is therefore requested that this Petition be granted.

If any further information is required to expedite this process, please feel free to contact the undersigned.

Respectfully submitted,

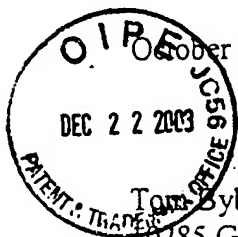

A handwritten signature in black ink, appearing to read "George R. Nimmer".
